

## WARRANTY

### VX PRO FACTORY FINISH ON ROUGH SAWN NATURAL WOOD BEVEL SIDING 10 YEAR LIMITED WARRANTY

Excellent results can be obtained by the factory application of coatings to natural wood siding. Factory-finished natural wood siding, when coated on all sides, stabilizes the moisture content of the siding, thereby reducing excessive shrinking and swelling of the material. Factory finishing assures a longer lasting and higher quality job than traditional "on-site" applications because proper spread rates are maintained for maximum coverage protection. This ensures more complete protection from nature's elements. Failure to read and follow installation instructions will void the warranty.

Lake States Lumber hereby warrants that, for a period of 10 Years, when the three coats of the VX Pro Semi Transparent Exterior Waterborne FACTORY FINISH System [One coat covering all sides with the VX Pro Sealer Coat and Two coats on the face and edges of the VX Pro Tinted Top Coat] is applied to Rough Sawn Natural Wood Bevel Siding which includes western red cedar and redwood, this product will:

- NOT peel,
- NOT erode and expose the substrate,
- NOT become damaged when dirt is rinsed-off.

Upon installation, all butt ends of the siding must be coated with a coat of VX Pro Semi Transparent Exterior Waterborne Top Coat Wood Finish. If within the warranty period, measured from the date of purchase, and upon notification and validation of the complaint by an employee of Lake States Lumber, Inc., who confirms this product has failed in any of the above ways due to normal exposure, Lake States Lumber will, at its option, either compensate the homeowner for the stain required to repair the siding involved, supply such materials to the homeowner, or refund the value of the VX Pro Semi Transparent Stain (as determined by Lake States Lumber, Inc.) of the originally installed stain products found to be defective. Only those affected areas validated by Lake States Lumber will be covered.

This non-prorated warranty does not include the wood siding, labor or cost of labor for the application or removal of the product or installation of the siding. Lake States Lumber shall not be responsible for any costs and expenses beyond Lake States Lumber's above-stated liability.

#### TERMS AND CONDITIONS:

The VX Pro Factory Finish warranty (hereafter referred to as "Warranty") contained herein is in effect for 10 Years, when the three coats of the VX Pro Factory Applied Finish System [One coat covering all sides with the VX Pro Sealer Coat and Two coats on the face and edges of the VX Pro Tinted Top Coat] is used from date of purchase and is subject to the terms and conditions, exclusions and limitations, requirements and legal rights stated in this document. This Warranty remains in effect for the owner(s) of the property to which the siding was originally applied. This Warranty is non-transferable and only valid in the country in which the siding was purchased. In the event of a Warranty claim, the Warranty period shall be not longer than 10 years from the date of purchase. Lake States Lumber's (hereafter referred to as the "Warrantor") obligations under this Warranty shall in no event exceed the purchase price of the VX Pro stain that was applied to the siding as determined by Lake States Lumber, Inc.

Any product found to be unsatisfactory, prior to installation, for any reason, must not be installed and should be returned to the dealer where it was purchased for replacement product. The Warrantor will not be responsible in any way if defective or unacceptable product is installed. The Warrantor shall not be liable for any consequential or special damages, or for other expenses such as accessories (building paper, sheathing, fasteners, caulking, etc.) which may arise in connection with this Warranty.

This Warranty does not cover cracking, peeling, or blistering which may result due to inadequate ventilation or improper construction techniques, and specifically excludes cracking, peeling and blistering on wood knots. This Warranty does not apply to damage or failure caused by excessive warping, cupping, splitting, checking, and shrinkage of the siding material (as defined by industry standards); breakdown of the underlying substrate; falling objects; faulty or improper storage and installation; lack of proper maintenance; accidental damage; structural defects; fire, lightning, hurricane, tornado, windstorm, earthquake, hail, or other acts of God; harmful chemicals (including harmful cleaning compounds); surface deterioration due to air pollution; misuse; abuse; vandalism; mildew accumulation; scratching, abrading, or misuse/abuse of the factory-finished product after application. Depending upon exposure or wear, evaluate recoating and apply the VX Pro Semi Transparent Exterior Waterborne Top Coat as needed.

EXTRACTIVE BLEEDING, MILDEW AND COLOR APPEARANCE ARE NOT  
MANUFACTURING DEFECTS AND ARE NOT COVERED BY THIS WARRANTY.

This Warranty is expressly made in lieu of any and all other warranties, expressed or implied, including merchantability and fitness for a particular purpose. This Warranty gives you specific legal rights, and you may also have other rights which vary due to local jurisdiction of claim.

#### CLAIM PROCEDURE:

Contact the Lake States Lumber Warranty Department to file claim. Upon discovery of a possible defect or failure, a claim must be filed immediately, and under no circumstances more than 30 days after discovery. The covered person must allow Lake States Lumber or their agents to enter the property and structure where the product is installed and examine, photograph, and take samples of the warranted product. Any questions? Please call or write Lake States Lumber, Inc. Warranty Department at 1-800-362-5864.
